Rememo Baumgardner to Sullivan 1-24-62 relating to proceedings before the Subversive Activities Control Board (SACB) in this case.

On 1-24-62 the SACB convened at 10:15 a.m. to hear further testimony. Former SA Robert E. Mason was the first witness and was examined by [] counsel for American Committee for Protection of Foreign Born (ACFPB). Mason furnished information about his part in the interviews with Barbara Hartle in 1954. This testimony was concluded at approximately 11:05 a.m. Following a recess Barbara Hartle was placed on the stand at 11:25 a.m. and questioned by []. She was questioned as to whether she had discussed her testimony with FBI Agents and Department Attorneys and advised she had not discussed her testimony in advance with FBI Agents. She was unable to recall specific details concerning her prior testimony in this case and the International Union of Mine, Mill and Smelter Workers, and it was necessary to refresh her memory from the record. She identified SA [] and former SA Mason as the only FBI Agents with whom she had discussed the ACPFB in 1954. She indicated she had been interviewed by Department Attorneys during her incarceration at Alderson, West Virginia. SA [] was then recalled for further testimony to determine the number of interviews he had with Hartle prior to her incarceration at Alderson. Again no allegations were made against Bureau or Bureau personnel which required refutation in the record.

The SACB recessed at 3:25 p.m. subject to call with the understanding that during a conference to be held today arrangements would be made for the setting of a date for final argument and discussion as to the availability of a Department Attorney for testimony concerning an interview with Mrs. Hartle. SA [] and former SA Mason were released.

ACTION:

INTERNAL SECURITY - C
INTERNAL SECURITY ACT OF 1950

Reference is made to Department communication dated January 16, 1962, requesting the names and availability of all Agents who talked to Barbara Hartle about the American Committee for Protection of Foreign Born (ACFPB).

Preliminary to the taking of the 88-page signed statement from Mrs. Hartle dated April 5, 1954, she was interviewed by the following Special Agents of this Bureau: Richard D. Auerbach (retired); Charles H. DeFord; Robert E. Mason (resigned); [redacted]; and [redacted]. The information appearing in this statement, however, was furnished principally to Special Agents [redacted] and Mason. Special Agents Auerbach and DeFord were only present during the initial contact by Mrs. Hartle with the Seattle FBI Office. Special Agent [redacted] participated in some of the subsequent interviews leading up to the signed statement; however, he has no independent recollection of the reference to the local ACPFB committee contained on page 83 of the statement. The Seattle FBI Office advises Mrs. Hartle was not interviewed in detail with respect to captioned organization until June 1 and 2, 1954, and these interviews were conducted by Special Agent [redacted] alone. Results of these interviews were furnished the Department by letter dated June 21, 1954, enclosing a copy of a memorandum dated June 8, 1954, prepared by the Seattle FBI Office. Seattle Office files do not indicate additional interviews were conducted with Mrs. Hartle concerning her testimony before the Subversive Activities Control Board or any testimony given before the House Committee on Un-American Activities in this case.

Mrs. Hartle's current residence is Route 1, Box 2, Evans, Washington, telephone number 2616, Marcus, Washington, listed to [REDACTED]. She has advised she is available as a witness at any time except for one previous commitment. She is to speak at a seminar of the Christian Crusade in care of Dr. Billy Hargis, Box 977, Tulsa, Oklahoma. She will leave Spokane, Washington, January 31, 1962, for this commitment and return February 5, 1962.

Former Special Agent Robert E. Mason resigned from the Bureau June 30, 1959, and presently resides at 10616 Woodhaven Lane, Bellevue, Washington, and is employed as a securities and stock salesman, Harris, Upham Company, 820 Second Avenue, Seattle, Washington. Mr. Mason expects to be in Seattle during the next 60 days and is available to testify if and when needed. He advises, however, he is gainfully employed and any absence from his work creates reduction in income as he works on a commission basis.

Special Agent [REDACTED] is presently assigned to the Seattle FBI Office and is available whenever testimony is required. Special Agent [REDACTED] is presently assigned to the Detroit FBI Office and works in the Resident Agency at Grand Rapids, Michigan. He is presently in Washington, D. C., for special training; however, will return to Grand Rapids on January 26, 1962. He is available whenever testimony is required.

The Department is requested to furnish the Bureau a copy of the Ruling and the appendices issued by the Subversive Activities Control Board August 16, 1960, in this case as noted in the last paragraph of referenced communication.

NOTE ON YELLOW: Department communication 1-16-62 requests the identity and availability of all Agents who talked to Barbara Hartle about the ACPFB for testimony before SACB in the near future. On 1-16-62 Department Attorney [REDACTED] telephonically advised the Department desired the names of those Agents who interviewed Hartle in detail concerning this case as it was not intended to cover those situations where incidental information was furnished by Hartle.

INTERNAL SECURITY ACT OF 1950

On 1/8/62 the Court of Appeals for the District of Columbia remanded the case concerning captioned organization to the Subversive Activities Control Board (SACB) for the purpose of adducing additional evidence regarding the alleged perjurious testimony of Government witness Barbara Hartle (details regarding the motion filed with the Court by American Committee for Protection of Foreign Born are subject of memorandum Baumgardner to Sullivan dated 1/4/62 in captioned matter).

On 1/23/62 Special Agent Steve S. Carter testified as a witness before the SACB in this matter. During Special Agent Carter's testimony, Government introduced into the record a memorandum prepared by Special Agent Carter 6/8/54 containing details of an interview conducted with Mrs. Hartle by Special Agent Carter on 6/1-2/54. This memorandum contained details concerning the American Committee for Protection of Foreign Born (ACFPB) which agrees in essential respects with testimony given by Mrs. Hartle before the SACB in this case. Special Agent Carter was on the witness stand from approximately 4:15 p.m. to 5:35 p.m. and was the only witness in this matter during the day. He was cross-examined by [redacted] counsel for ACPFB and no allegations were made against Bureau or Bureau personnel which required refutation in the record.

(Washington Committee for Protection of Foreign Born)

You have been advised that in the proceeding before the Subversive Activities Control Board (Docket No. 109-53) against the American Committee for Protection of Foreign Born (C.A.D.C. No. 15,960), the American Committee filed a Motion to Adduce Additional Evidence to which the Government filed an answer. The purposes of the Motion were stated to be to establish that Barbara Hartle lied in her testimony before the Board, that the record was "tainted" by her perjurious testimony, and to ascertain "in view of substantial indications to that effect" whether agents of the Attorney General knew that Hartle committed perjury in the administrative proceeding.

The Motion was supported by an affidavit of attorney [redacted] in which he referred to Mrs. Hartle's testimony on July 8, 1955, in the American Committee proceeding (Transcript, pp. 1581-1589, 1600-1601), and stated that at the hearing before the Board in the proceeding against the International Union of Mine, Mill & Smelter Workers (Docket No. 116-56) counsel for the government produced an 88-page statement made to the Bureau on April 4 and 5, 1954, which was Mine-Mill Exhibit 67 in that proceeding. The affidavit referred to the statement in that exhibit on page 83 as follows:

"Committee for the Protection of the Foreign Born.
"It is my understanding that for many years the national organization, or the American Committee for the Protection of the Foreign Born, has been under Communist Party leadership. I am unacquainted with the local (Northwest) Committee as of before my return to Seattle in 1952."

The affidavit also referred to Hartle's testimony in the Mine-Mill proceeding (H.M. Tr. pp. 5265, 5294, 5299-5300, 5374-5385). In her testimony she explained the second sentence in the quotation above by saying that the agents asked her about how various individuals got on the Committee during 1951 and 1952, and that because she had been

"underground" at that time she did not have the information.

The argument in the affidavit is that the statement in Exhibit 67 and the explanation Mrs. Hartle gave on the stand in the Mine-Mill case are inconsistent with her testimony in the American Committee case and that for that reason he [redacted] believes that "some agent of the Attorney General in the Department of Justice must have known that Hartle would and did give false testimony in the Board proceeding."

b6
b7C

The affidavit also argues that the information given in Exhibit 67 as to other organizations indicates that when Hartle gave that statement she must have been given by Bureau agents special or "limiting" instructions as to what to say about the American Committee.

In fact there was no inconsistency between Hartle's testimony in the American Committee case and Exhibit 67 or her testimony in Mine-Mill. What she testified to in the American Committee case as to the period before 1952 was, as appears from the testimony itself, based on knowledge she acquired through her Party associations, like District Committee and Executive Committee meetings and she did not claim that during the periods 1933-1934, and 1948-1949, for example, she had direct contact with or knowledge of either the American or the Northwest Committee. She stated in her Mine-Mill testimony as to the period 1951-1953 that, because she had been underground and out of contact from July or August 1950 until her arrest in 1952, she was unable to answer questions asked her as to how people who were members of the Committee during that period got on it or what their activities were.

On January 8, 1962, the Court of Appeals issued an order granting the Motion to Adduce Additional Evidence "for the limited purpose of permitting petitioner [the Committee] to adduce additional evidence intended to establish that the testimony of the witness Hartle as presented to the Board in the hearing in this matter was false". The Court's order provided that the proceeding should be expedited and that the Board should report to the Court within 60 days.

On January 12, 1962, the Board held a pre-hearing conference, at which counsel for both sides appeared. At the conclusion of the conference the Board made an order as follows:

1. Mine-Mill Ex. 67 will be admitted to the record in the American Committee case as a Board exhibit;

2. That such parts of the Hartle testimony in Mine-Mill as counsel should agree on, will be admitted in evidence in the Committee case;

3. That the Government should produce Hartle for further examination, and also the agents who interviewed her about the American Committee or the Northwest Committee.

We have not yet received the formal order of the Board, but will furnish you with a copy as soon as we do.

A stipulation was entered into by counsel on January 12 as to what pages of the Hartle testimony in Mine-Mill should be added to the record in the American Committee case, and a copy is attached hereto.

The statement of April, 1954 (M.M. Ex. 67) was made to Special Agents [] and Robert E. Mason of the Seattle Office. We also have in our files a memorandum from you dated June 8, 1954, forwarded under date of June 21, 1954, to Assistant Attorney General Olney, which gives information about the American Committee and which agrees in essential respects with her testimony on the stand. The name of the agent who took that statement is not given in the memorandum.

b6
b7C

Our records also reflect reports dated September 17, 1954, and April 1, 1955, by Special Agent [] on the American Committee which mention Mrs. Hartle but they relate to her testimony before the House Committee on Un-American Activities on June 14 and June 18, 1954, and do not show that the agent talked to Mrs. Hartle.

In the Mine-Mill proceeding a number of reports were produced, including one on an interview March 12, 1954, of Special Agent Richard D. Auerbach with Mrs. Hartle. That was in the Mine-Mill case and I mention Mr. Auerbach's name only because it appears in the Mine-Mill record that he talked with Mrs. Hartle. There were also produced notes of Special Agents of interviews with Mrs. Hartle, but we have not yet had time to examine all the Mine-Mill exhibits and the documents produced in that case to get the names of all the agents who talked with the witness.

The Board is pressing us to proceed very promptly, so it is important that we be furnished as soon as possible with the names of all agents who talked to Mrs. Hartle about the American Committee, and a statement as to the availability of each to testify. []

[redacted], General Counsel for the Board, tells us that he understands the order of the Board to mean that we are to produce all such agents, including those no longer with the Bureau. If there are former special agents who talked with Mrs. Hartle, we may have to arrange to subpoena them if we cannot procure their testimony in any other way.

b6
b7C

Most of the testimony in the American Committee case and in Mine-Mill that is important at the present stage of the proceeding is quoted by the Board in appendices to its Ruling of August 16, 1960, in the American Committee case. If you do not already have a copy of that Ruling and the appendices, we will forward one to you.

In connection with the current appeal before the U. S. Court of Appeals, Washington, D. The information in this memorandum closely parallels the information Barbara Hartle furnished during her appearance before the Subversive Activities Control Board in July, 1955, in this case. Our files do not indicate the Petitioner requested or was furnished the original of this memorandum under the Jencks decision in any proceedings before the Subversive Activities Control Board. This could account for the line of conjecture taken by the Petitioner in his reply filed December 6, 1961.

You may desire to refer to this memorandum in connection with preparing your answer to the Petitioner's reply. We would appreciate being kept advised of all developments in this case.

INTERNAL SECURITY ACT OF 1950

Rememo Baumgardner to Sullivan, 12-7-61 advising the American Committee for Protection of Foreign Born (ACFPB) filed motion 11-22-61 with the U. S. Court of Appeals, Washington, D. C., to adduce additional evidence to establish Government witness Barbara Hartle lied in giving testimony before Subversive Activities Control Board (SACB) in this case and memo Baumgardner to Sullivan 12-15-61 advising the Respondent (Government) filed answer on 12-1-61 denying Hartle gave false testimony.

Proceedings, U. S. Court of Appeals:

On 12-6-61 the Petitioner (ACFPB) filed reply, making claim the testimony of Hartle is tainted by perjury and that there are substantial grounds for believing the perjury was committed with the knowledge of agents of the Department of Justice.

Aside from arguing the allegations of perjury have not been controverted in any meaningful way by Respondent's answer, the Petitioner refers to an 88-page statement furnished by Hartle to the FBI wherein she related she was unacquainted with the Northwest Committee for the Protection of Foreign Born (NWCPFB) prior to 1952. This statement was furnished to the present counsel for ACPFB during the International Union of Mine, Mill and Smelter Workers (IUMSW) proceedings before SACB in June, 1960, when counsel was representing IUMSW. During Hartle's appearance before SACB in the ACPFB case on 7-8-55 she testified as to the organization of the NWCPFB resulting from Communist Party (CP) discussions in 1948. Petitioner also questions Respondent's answer which relied on Hartle's testimony on redirect examination in the IUMSW case that her 88-page statement to

the FBI dealt with her acquaintance with the NWCPFB around 1951 and 1952 when she was underground. Petitioner questions why the FBI would limit its questioning to a period when Hartle could not have had any acquaintance with NWCPFB (underground period) and be so curiously disinterested in the personnel and activities of the NWCPFB during the time when she had a chance to know about NWCPFB. Finally, Petitioner questions if the FBI was not interested enough to ask her for information about the period before 1950, how is it the FBI ever learned that Hartle had the damaging, pre-1950 information and thus supplied her as a witness. Petitioner alleges cause is shown for believing the Attorney General employed a perjurious witness and suggests his motion be set for oral argument.

Background of 88-page Statement:

On 9-17-52 Hartle was arrested for conspiracy to violate the Smith Act of 1940 and after trial was sentenced to serve five years on 10-16-53. She was later released on bond while awaiting outcome of her appeal and in March, 1954, indicated willingness to furnish information to the Bureau. At that time we checked with the Department to determine whether Hartle should be interviewed in view of her pending appeal. The Department stated the Bureau might question Hartle concerning information which she desired to volunteer but that no attempt should be made to elicit from her any information she did not care to volunteer.

Subsequently, during the period from 3-12-54 until 3-31-54 Hartle voluntarily furnished information to the Seattle Office concerning her background and CP activities. This information was incorporated into the 88-page signed statement dated 4-5-54. The statement is a general over-all resume of Hartle's activities and background and although it mentions Hartle's knowledge of front organizations, it is only a preliminary step in delving into the wealth of knowledge she possessed. The Department by memo dated 4-13-54 instructed that in view of Hartle's apparent willingness to

Memorandum to Mr. Sullivan
RE: AMERICAN COMMITTEE FOR
- PROTECTION OF FOREIGN BORN
100-7046

cooperate with the Bureau coupled with the CP's public expulsion of Hartle, the interviewing agents should be free to conduct full-scale interviews with her, limited only by avoidance of discussion of plans and strategy of the defense in the Seattle Smith Act case then under appeal.

By letter 5-13-54 the Bureau instructed Seattle to thoroughly interview Hartle during the next contact with her concerning the ACPFB and other front organizations. This was accomplished and a memo incorporating the results of this interview dated 6-8-54 was furnished the Department by letter dated 6-21-54. This memo covers in detail Hartle's knowledge of the ACPFB and the origin of the NWCPCFB in about 1948. The information generally covers the same ground as the testimony she later gave in the SACB hearings on the ACPFB in July, 1955.

OBSERVATIONS:

Concerning Petitioner's allegations Hartle was furnished by the FBI as a witness in the ACPFB hearing, Hartle, who was never an informant, was a convicted Smith Act subject who defected from the CP after her conviction; elected to commence serving her sentence; and has since been cooperating with the Government by testifying as an expert witness at numerous security trials and hearings and also by appearing before various congressional committees. Since she was never an informant, the Internal Security Division of the Department has handled all details relating to her numerous appearances as a witness.

The information appearing in Hartle's 88-page signed statement was obtained at a time Hartle's case was under appeal and represents the initial interviews with Hartle. The Seattle Office was under Departmental instructions to question her only concerning information she volunteered and to make no attempt to elicit information from her she did not care to volunteer. Later, when the Department lifted its restrictions, Hartle was interviewed in depth concerning the ACPFB and this information was furnished the Department. This is the information to which Hartle testified during the ACPFB proceedings.

Memorandum to Mr. Sullivan
RE: AMERICAN COMMITTEE FOR
PROTECTION OF FOREIGN BORN
100-7046

The objective in the initial interviews with Hartle was to reduce to writing her general over-all knowledge of the CP and not her particular knowledge of the ACPFB which was one of a number of fronts about which she furnished information. She testified in the IUMSW case that she came back from the underground in 1952 and stayed at Marian Kinney's house (an officer of the local committee) where meetings were held and, thus, the FBI was interested in knowing who all these people were and who was on the committee and she was unable to supply this information having just returned from the underground. Later in June, 1954, she was able by virtue of her previous membership on the CP's District Committee and District Executive Board to advise as to the connection of the CP in forming the local committee and why the CP desired its formation.

Between the time of the ACPFB hearing in July, 1955, and the IUMSW hearing in June, 1960, the Jencks case was decided which apparently resulted in the production of the 88-page signed statement in the IUMSW proceedings. The Petitioner in conjecturing why the FBI limited its questioning is doing so because the full facts have not been made available to the defense. As far as we know Petitioner is not aware of the 6-8-54 memo concerning the detailed interview of Hartle as no request has been made to have the original produced. Review of Hartle's testimony in the ACPFB and IUMSW proceedings plus review of the information she furnished the Bureau does not indicate Hartle's information has been inconsistent.

RECOMMENDATIONS:

The attached letter to the Department be approved calling the attention of the Department to the basic memorandum containing the results of the FBI interviews with Hartle in June, 1954, concerning the ACPFB which was furnished the Department and which apparently was never produced in any of the SACB proceedings under the Jencks decision.

C., to adduce additional evidence to establish Government witness Barbara Hartle lied in giving testimony before the Subversive Activities - Control Board (SACB) in this case. Government filed answer on 12-1-61 denying Hartle gave false testimony and on 12-6-61 ACPFB filed reply making claim testimony of Hartle is tainted by perjury and grounds exist for believing perjury committed with knowledge of agents of Department of Justice.

At issue is 88-page statement furnished by Hartle to FBI in April, 1954, wherein she indicated lack of knowledge of local committee of ACPFB prior to 1952, whereas her testimony before SACB in ACPFB case in July, 1955, indicated her knowledge of the formation of the local committee in 1948. Hartle was utilized as a Government witness during proceedings before SACB in June, 1960, in the International Union of Mine, Mill and Smelter Workers (IUMSW) case and in redirect examination she testified that her 88-page statement to the FBI dealt with her acquaintance with the local ACPFB committee around 1951 and 1952. ACPFB counsel questions why FBI would limit its questioning to this period and how the FBI ever learned Hartle had the damaging pre-1950 information and thus supplied her as a witness.

Hartle's interviews in March, 1954, resulting in the 88-page statement were the initial interviews conducted with Hartle by Bureau Agents. The Seattle Office was under Departmental instructions to question her only concerning information she volunteered and to make no attempt to elicit information from her she did not care to volunteer.

Memorandum to Mr. Sullivan
RE: AMERICAN COMMITTEE FOR
-- PROTECTION OF FOREIGN BORN
100-7046

The objective was to reduce to writing her general over-all knowledge of the Communist Party (CP) and not her particular knowledge of the ACPFB which was one of a number of fronts about which she furnished information. She testified in the IUMSW case that she came back from the underground in 1952 and stayed at Marian Kinney's house where meetings were being held and, thus, the FBI was interested in knowing who all these people were and who was on the (local) committee and she was unable to supply this information having just returned from the underground. Later in June, 1954, she was interviewed in depth about ACPFB (the Department had instructed that full-scale interviews be conducted) and she was able by virtue of her previous membership on the CP's District Committee and District Executive Board to advise as to the connection of the CP in forming the local committee and why the CP desired its formation. ACPFB counsel is apparently not aware of the June, 1954, interview.

A more detailed memorandum is attached.

RECOMMENDATION:

There is attached a letter to the Department calling attention to the results of the detailed interview with Hartle in June, 1954, and pointing out that the Department may desire to make reference to this memorandum in preparing a reply to the Petitioner.

The transcripts of the record of proceedings before the SACB and the exhibits thereto in the ACPFB case, in accordance with USCA procedure at this time, are presently located at the SACB; however, the USCA does have an index of same on record in the case.

In view of information set out in the motions currently filed in the USCA in the ACPFB case, and in view of information in WFOlet of 12/11/61, which appears to contain information requested in Bulet of 12/11/61, WFO is holding in abeyance the Bureau's request as set forth in Bulet 12/11/61, until such time as the Bureau determines further information in the SACB record may be required, and to advise WFO of its instructions in this regard.

The Clerk's file, USCA, Washington, D. C., checked as of 12/13/61, sets forth the reply filed on 12/6/61, by the petitioner as follows:

REPLY TO ANSWER TO MOTION TO ADDUCE ADDITIONAL EVIDENCE

1. "The Respondent is proposing the wrong standards when it argues that our motion is addressed to the Court's 'sound judicial discretion' and 'should be denied ~~if~~ in the opinion of the Court the proffered ~~/sic/~~ evidence would not change the result.' Whatever may be the case in other situations, these are not the tests to apply when the claim is that the record is tainted by perjury.^{1/} In such an event, the proper test is whether there is a reasonably substantial showing that taint may exist. Communist Party v. S. A. C. B., 351 U. S. 115.

1. "Even in 'other situations,' we believe that the true tests are whether the proffered evidence is material and there were reasonable grounds for failure to adduce it at the administrative hearing; and that it is not appropriate for the Court to speculate as to whether, on the entire record, the evidence would change the result. See Southport Petroleum Co. v. N. L. R. B., 315 U. S. 100, 104-105 (cited in Respondent's answer); S. E. C. v. Chenery Corp., 318 U. S. 80, 87, 95; N. L. R. B. v. Virginia Elec. & Power Co., 314 U. S. 469. The respondent does not claim that petitioner was at fault for not adducing the proffered evidence at the administrative hearing.

"The Communist Party case reversed a decision of this Court denying leave to adduce evidence of taint even though this Court had expressly found that the testimony of the challenged witnesses 'was consistent with and supported by masses of other evidence' and although this Court had applied the principle that, 'The evaluation of credibility is primarily a matter for the trier of facts' (351 U. S. at 121).^{2/} The Supreme Court stated in the Communist Party case (at 124-125, emphasis supplied):

"When uncontested challenge is made that a finding of subversive design by petitioner was in part the product of three perjurious witnesses, it does not remove the taint for a reviewing court to find that there is ample innocent testimony to support the Board's findings. If these witnesses in fact committed perjury in testifying in other cases on subject matter substantially like that of their testimony in the present proceedings, their testimony in this proceeding is inevitably discredited and the Board's determination must duly take this fact into account. We cannot pass upon a record containing such challenged testimony."

2. "The taint alleged in this case is in certain respects even more serious than that alleged in the Communist Party case. Here the witness is alleged to have lied not only in another proceeding, but also in the very same proceeding. The claimed perjury goes not to a single item of her testimony, but virtually all the testimony of any consequence that she gave, plus testimony (in the Mino-Mill case) designed to cover up the original perjury. If our analysis is correct, the witness exhibited a propensity for committing perjury on a wholesale scale. Finally, in this case, unlike the Communist Party case, there exists, lamentably, substantial grounds for

2. "The Respondent's answer, therefore, relies on rejected principles when it argues that, 'The question of Mrs. HARTLE's credibility was for the Board to decide,' and that, 'Another witness in this proceeding gave testimony covering much the same ground as Mrs. HARTLE's testimony.'

believing that the perjury was committed with the knowledge, and perhaps the connivance, of agents of the Department of Justice.

"The allegations of perjury in this case have not been controverted in any meaningful way. Mr. MADDELL's counter-affidavit (R. 3165-57) contains only the following denials:

'I am not aware of any person who, at any time, 'concocted' any part of the testimony Mrs. HARTLE gave at that hearing, nor can I consider for a moment that such a malicious and reckless accusation bears any merit in fact or in truth.

'For myself, as Chief Counsel at the time, I not only deny having engaged in falsifying the HARTLE testimony, or knowing that it had been 'concocted', but I resent the employment of the Communist technique of casting unjustified vilification on anyone who represented the Department of Justice in this case.'

"Aside from expressing personal indignation and abusing opposing counsel, this passage amounts to nothing more than an assertion of personal innocence by one who was never accused of guilt.

"Under the circumstances, therefore, this "Court 'cannot pass upon a record containing such challenged testimony.'

3. "HARTLE told the FBI that she was unacquainted with the Northwest Committee before her return to Seattle in 1952. If words mean anything, this is squarely contrary to her detailed testimony in the administrative proceeding about the Northwest Committee between 1943 and August 1950, when she fled from Seattle. And this testimony included gory details which would have been grist for the mill of the FBI, as well as for the House Committee on Un-American Activities, whom HARTLE also failed to inform on the subject although informing on numerous other organizations (R. 1711-16, 1718, 1720).

"The Respondent's answer professes to see no inconsistency between HARTLE's testimony and her report to the FBI. It does so by swallowing whole the explanation advanced by the very witness whose credibility is challenged, and even though the explanation itself seems obviously contrived and is challenged, by our motion, as another instance of perjury.

"The explanation relied on by the Respondent is HARTLE's testimony on redirect examination in the Mine-Mill case that her statement to the FBI dealt with her acquaintance with the Northwest Committee as of 'around 1951, 1952, during which time I was underground.' (Quoted in affidavit in support of our motion, pp.4-5.) This explanation is contradicted by the statement itself. For in her statement to the FBI HARTLE said that she was unacquainted with the Northwest Committee 'as of before my return to Seattle in 1952.' Furthermore, the immediately preceding sentence refers to an understanding of 'many years,' thus also indicating that the passage is not limited to the 1951-1952 period. And in any event, the fact remains that no matter what the FBI asked HARTLE, what she told the FBI was a disclaimer of any knowledge about the Northwest Committee for any time prior to 1952.

"The Respondent's answer also discreetly overlooks other circumstances, as follows, which make HARTLE's explanation extravagantly implausible.

(a) "Why should the FBI be so dense as to ask HARTLE about her acquaintance with the Northwest Committee during her underground period, when, as the FBI knew, she could not possibly have had any acquaintance with it in that time?

(b) "Why should the FBI be so curiously disinterested in the personnel and activities of the Northwest Committee during the time when HARTLE had a chance to know something about it?

(c) "Is it not an odd coincidence that of the fourteen organizations discussed by HARTLE in her report to the FBI, the Northwest Committee seems to have been the only one in which the FBI limited her to reporting about the underground period?

(d) "Is it not also an odd coincidence that HARTLE failed to tell the Un-American Activities Committee about the Northwest Committee?

(e) "HARTLE's attempted elaboration of her explanation on recross examination (see supporting affidavit, p. 6) further exposes the vacuity of her original explanation. On recross she said that the FBI wanted to know 'who organized' the people on the Northwest Committee, 'how these people got on that committee, who put them there, how they got organized there.' Surely it would have been an appropriate response to tell the FBI that the Communist Party had organized the Northwest Committee through their agent, MARION KINNEY. Her failure to so inform the FBI indicates only that she had not yet thought up that story.

(f) "If HARTLE gave no information to the FBI, and if the FBI was not even interested enough to ask her for information about the period before 1950, how is it that the FBI ever learned that HARTLE had all this damaging, pre-1950 information, so as to supply her as a witness in this proceeding?

"No casuistry can disguise the fact that there is cause here for believing that the Attorney General - not for the first time in proceedings before the Board - employed a perjurious witness. There are also substantial indications that the perjury was committed with the knowledge of some agent or agents of the Department of Justice. This witness was at the time of her testimony, a prisoner of the government, anxious to obtain parole. One would suppose that the government would be sufficiently sensitive to its obligations for the fair administration of justice to welcome a fully inquiry.

4. "In view of the importance of this matter, which affects the reputation of justice, petitioner respectfully suggests that is motion be set for oral argument.

"Respectfully submitted,

"JOSEPH FORMER

INTERNAL SECURITY ACT OF 1950

Washington Field has advised the attorney for American Committee for Protection of Foreign Born (ACFPB), [redacted] filed a motion 11/22/61 with the U. S. Court of Appeals, Washington, D. C., to adduce additional evidence to establish that Barbara Hartle, a witness for the Attorney General, lied in giving testimony before the Subversive Activities Control Board (SACB) in this case; to establish that the record is tainted by her testimony; and to ascertain whether "agents" of the Attorney General knew she committed perjury. The motion compares testimony given by Barbara Hartle before the SACB in the ACPFB case and the International Union of Mine, Mill and Smelter Workers (IUMMSW) case (6/28-29/60) and raises the issue that her testimony is in variance concerning the origin of the Northwest Committee for Protection of Foreign Born and thus false. The details of [redacted] present motion and affidavit do not contain derogatory statements concerning the FBI but refer to the Department's analysis and use of Hartle's testimony. The reference to "agents" of the Attorney General obviously refers to attorneys of the Department rather than the FBI. b6 b7C

On 6/27/60, after several years of litigation before the SACB, the ACPFB was ordered to register with the Attorney General as a communist front. On 7/15/60, the ACPFB, through [redacted] filed a motion with the SACB to vacate this order. The 7/15/60 motion was similar to the motion filed by [redacted] in the U. S. Court of Appeals on 11/22/61. In opposing the 7/15/60 motion, Chief Counsel for the Attorney General filed an affidavit denying the allegations made by [redacted] in detail. The SACB, after reviewing [redacted] motion and the Government's affidavit in opposition to it, denied the motion and reaffirmed the original order. The ACPFB filed petition for review in U. S. Court of Appeals on 8/25/60. This review was held in abeyance by the U. S. Court of Appeals pending final disposition of the Communist Party case before the Supreme Court.

AMERICAN COMMITTEE FOR PROTECTION

INTERNAL SECURITY ACT OF 1950

Re memo Baumgardner to Sullivan, December 7, 1961, advising the American Committee for Protection of Foreign Born (ACFPB) filed motion November 22, 1961, with the U.S. Court of Appeals, Washington, D. C., to adduce additional evidence to establish Government witness Barbara Hartle lied in giving testimony before the Subversive Activities Control Board (SACB) in this case. Hartle was never a Bureau informant.

Washington Field Office has advised the Respondent (Government) filed answer on December 1, 1961, with the Court of Appeals denying that the Hartle testimony had in any part been "concocted" and pointing out the Petitioner (ACFPB Counsel) had taken Hartle's testimony out of context. The Respondent supported this with additional details concerning Hartle's testimony during SACB hearings in the ACPFB and International Union of Mine, Mill and Smelter Workers (IUMSW) cases to place the pertinent information in proper context and to show there were no inconsistencies. The Respondent contends there is no showing of any fact or facts that would change the result and points out SACB considered and rejected a similar motion in August, 1960. The Respondent, therefore, contends the motion should be denied.

ACTION: Washington Field will continue to closely follow the U.S. Court of Appeals concerning all action taken in this case. You will be kept advised of all pertinent developments.

Mrs. BARBARA HARTLE, of Evans, Washington, who was a member of the CP from 1933 to 1953 and for nine years, until 1950 a full-time paid CP functionary in Seattle, Washington, appeared as a friendly witness before a public session of the HCUA in San Francisco on 5/12/60. In sworn testimony concerning the subject she furnished information concerning a review made by her of certain documents concerning the 17th National Convention of the CP held in New York City on 12/10-13/59, which were placed in evidence by the HCUA.

Committee Exhibit #1 specifically dealt with a keynote speech by the subject. Mrs. HARTLE testified that in this keynote speech, which was delivered as a keynote speech by the subject at the 17th National Convention of the CP, subject projects the idea that the CP can be very enthusiastic about its prospects for the future; that the international situation is such that very great strides can be made by the CP in this country, and that the national situation is also such as to really make it possible for the CP to go ahead by leaps and bounds.

Mrs. HARTLE further testified that subject is a long-time member of the CP and that she recalled reading a document which explained that at some time or another he swore that he would very willingly overthrow the Government of the U.S. by force and violence. That was back in the early 1930's, before any laws were passed. She stated further that a Communist who states he opposes force and violence does not really mean that, but means something else.

GUS HALL was known to Mrs. HARTLE as a member of the CP, a part of the Ohio Communist leadership, and very anxious to capture the top leadership of the CP. She said that it is apparent now that, with his making the keynote speech at the above-mentioned national convention, that he has at last fulfilled his ambition.

Enclosed herewith for the Bureau and New York is one copy each of a Subversive Activities Control Board (SACB) "Report of the Board on Reconsideration", dated 3/8/62, and filed in the U. S. Court of Appeals, Washington, D. C., in No. 15960, ACPFB v. SACB. One copy of the report is also enclosed for Seattle's file on BARBARA HARTLE. This was furnished by the SACB General Counsel's Office on 3/13/62.

The SACB report of 3/8/62, states in part:

"Since the Board finds that Hartle's original testimony was credible, the challenge is without merit to the original determination of the Board that the American Committee for Protection of Foreign Born met the statutory definition of a Communist-front organization. Accordingly, it is

"RECOMMENDED to the United States Court of Appeals for the District of Columbia Circuit that the Report and Order of the Board issued on June 27, 1960, be affirmed".

The docket of the ACPFB case, No. 15960, in the U. S. Court of Appeals, shows that the SACB filed the above report on 3/8/62, pursuant to the order of the Court issued on 1/8/62; that the Board has conducted a hearing and issued and served on the parties to the Board proceeding the "Report of the Board on Reconsideration", dated 3/8/62.

SUBVERSIVE ACTIVITIES CONTROL BOARD

Docket No. 109-53

ROBERT F. KENNEDY, ATTORNEY GENERAL
OF THE UNITED STATES,

PETITIONER,

v.

AMERICAN COMMITTEE FOR PROTECTION OF FOREIGN BORN,

RESPONDENT.

REPORT OF THE BOARD ON RECONSIDERATION

PRELIMINARY STATEMENT

The Board on June 27, 1960, issued its Report and Order finding the American Committee for Protection of Foreign Born (hereinafter sometimes referred to as "American Committee" or "the Committee") to be a Communist-front organization as defined in section 3 of the Subversive Activities Control Act of 1950, and requiring that the organization register as such pursuant to the provisions of the Act. Pending disposition in the Court of Appeals for the District of Columbia of the American Committee's petition for review of the Order of the Board, the Committee moved in that court, pursuant to section 14(a) of the Act, for leave to adduce additional evidence which it alleged would show that a witness for the Attorney General, Barbara Hartle, had testified perjurally or falsely before the Board.

The Court of Appeals, on January 8, 1962, granted the motion and ordered:

. . . that the motion to adduce additional evidence is granted for the limited purpose of permitting petitioner [American

1 The Board on August 16, 1960, denied a motion by American Committee to vacate the Order of June 27, 1960, and reopen the proceeding on the matter of the credibility of the witness Hartle.

Committee] to adduce additional evidence intended to establish that the testimony of the witness Hartle as presented to the Board in the hearing in this matter was false;

The court further ordered that the proceeding on remand proceed expeditiously, that if the testimony of Hartle is discredited the testimony shall not remain part of the record, and that the Board "reconsider its original determination in the light of the record as freed from the challenge that now beclouds it."

Pursuant to notice issued by the Board, counsel for American Committee and counsel for the Attorney General appeared before the Board for conference on January 12, 1962.² As a result, a hearing for the purpose of permitting American Committee to adduce evidence within the terms of the order of the Court of Appeals was held before the Board on January 23, 24, and 25, and February 1, 1962, with summation argument also taking place on February 1, 1962.

Basically, the issue of Hartle's credibility arises from an asserted inconsistency between her testimony given in July of 1955 in the original Board proceeding and a statement that she had made to the Federal Bureau of Investigation in March of 1954 which it is contended meant that she did not have any knowledge on the subject matter about which she then testified, in July of 1955, in the Board hearing.³ Hartle's testimony in the original Board hearing appears at transcript pages 1562-1792, and the pertinent parts are summarized later herein. The statements that Hartle made to the F.B.I. in March of 1954, which included information on many different subjects, are contained in an 88 page typewritten document which was received in evidence as Board Exhibit 2 in this proceeding on remand.⁴

² The results of the conference were incorporated in a written Order issued by the Board on January 16, 1962. The Order provided, inter alia, that counsel for the Attorney General produce at the hearing for questioning by counsel for the American Committee the agents of the Federal Bureau of Investigation who conducted pertinent interviews with Barbara Hartle, and also produce Hartle herself. At the conference, a motion by counsel for the Attorney General was granted, over objection, to substitute Robert F. Kennedy, present Attorney General of the United States, as petitioner in the Board proceeding.

³ Other matters are also involved and are considered in our findings and evaluations that follow.

⁴ Some parts of Board Exhibit 2 were based upon handwritten notes prepared by Hartle and given to the F.B.I. This included, among other subjects, the information she gave at the time (March of 1954) on the subject presently involved. Her handwritten note on the instant subject was received in evidence, without objection, as A. G. Exhibit 290.

In addition to the above, the record upon which the determination is to be made as to Hartle's credibility consists of: an F. B. I. report of an interview with Hartle in June of 1954 devoted solely to the Committee for Protection of Foreign Born, which was received in evidence, without objection, as A. G. Exhibit No. 291; excerpts from the testimony given by Hartle in June of 1960 in the Board proceeding designated as Attorney General v. International Union of Mine, Mill and Smelter Workers, Board Docket No. 116-56, which excerpts were received in evidence as Board Exhibit 3; the testimony of Steve S. Carter, an agent of the Federal Bureau of Investigation who, with then agent Mason, conducted the interview with Hartle in March of 1954 which resulted in Board Exhibit 2, and who subsequently interviewed Hartle on other occasions including the interview in June of 1954 which resulted in A. G. Exhibit 291; the testimony of F. B. I. agent Robert E. Mason who participated in the interview in March of 1954; the testimony of Hartle given in this proceeding on remand; and, the testimony of L. E. Broome, Esquire, counsel for the Attorney General in Board Docket No. 116-56, supra, who conducted the direct examination of Hartle therein.

The witnesses Carter, Mason, Hartle, and Broome (in the nature of adverse witnesses) were called at the request of counsel for American Committee and counsel had no other requests for witnesses. (See, tr. 8384.)

FINDINGS OF FACT

Barbara Hartle was a member of the Communist Party of the United States from the early 1930's until March of 1954, during which time she became a high ranking official in the Party in the Pacific Northwest (tr. 1563; 1637). The facts that are to be considered in determining Hartle's credibility will be set forth chronologically in the way the various information developed.⁵

Hartle's Original Testimony Herein

Barbara Hartle, in July and September of 1955, testified in the original proceeding as a witness for the Attorney General. She testified to the effect that the Northwest Committee for Protection of Foreign Born⁶ came

⁵ This was the manner followed by counsel for American Committee in presenting his summation or closing argument.

⁶ The Northwest Committee for Protection of Foreign Born was found in our original Report herein to be a chapter or branch of the American Committee for Protection of Foreign Born. (Report, p. 12.)

about as a result of discussions inside the Communist Party in Seattle in 1948-1949 that the Communist Party needed a local branch of the American Committee to defend Party members from deportation and to attract support from those of the public who were interested in the problems of aliens or the foreign born (tr. 1581-1583). Another witness for the Attorney General, Clark Harper, also testified that the need of such a branch in that area of the United States was the subject of Communist Party business in 1948 and 1949 (tr. 2977-2978). Hartle, and again Harper, testified to the effect that Marion Kinney, a Party functionary, was designated by the Communist Party to organize the branch and to assume office in it (tr. 1586-1588; 2980-2984, 2996). Hartle testified that the Communist Party circulated material issued by the American Committee and the Northwest Committee (tr. 1589, 1600-1601) and added, on cross-examination, that the last time she saw material of the Committee was in 1950 (tr. 1724-1725). Lautner, also a witness for the Attorney General, testified that the American Committee called on members of the Communist Party to aid and support the Committee (tr. 1001-1002). Hartle and the Attorney General's witness Hardin both testified to the effect that the Communist Party sold tickets to the affairs of the Committee (tr. 357-358; 1601).

Hartle gave no testimony with respect to either the American Committee or the Northwest Committee in the period 1950 to sometime in 1953.⁸ She testified that in 1953, Abner Green, national officer of American Committee, met with top officials of the Communist Party in the Northwest United States and stated that he was satisfied with the progress of the Northwest Committee and was pleased with the response at meetings and conferences that were being held around his visit there (tr. 1597-1599).⁹

Hartle's Later Testimony in the "Mine-Mill Proceeding"

On July 28 and 29, 1960, five years after testifying in the original hearing herein, Hartle testified as a witness for the Attorney General in a Board proceeding involving the International Union of Mine, Mill and Smelter Workers (hereinafter referred to as "Mine-Mill"). The Mine-Mill

⁷ Abner Green, then executive secretary of the American Committee, appeared as a witness for the Committee in the original proceeding and himself testified that Marion Kinney was executive secretary of the Northwest Committee at the time of the hearing (tr. 5193, 6663). See also A. G. Ex. 34.

⁸ During the period from July of 1950 to September of 1952, Hartle was operating "underground" in the Communist Party (see *infra*, p. 5).

⁹ Greene admittedly was a top officer of the American Committee (tr. 2).

proceeding had no relation to and in no way involved the American Committee, and Hartle did not testify on direct examination in Mine-Mill to anything about the Committee. In Mine-Mill requests were made for prior statements of Government witnesses and counsel for the Attorney General made available to counsel for Mine-Mill for purposes of cross-examination of Hartle the entire 88 page typewritten statement of information given by Hartle to the F. B. I. in March of 1954 and which is now Board Exhibit 2 herein. The 88 page statement contained information which Hartle had given on many subjects, among which were fourteen separate organizations. As to at least some of the fourteen organizations Hartle furnished information prior to 1950, including what she had heard about them in the Communist Party.

With regard to "Committee for the Protection of the Foreign Born" Hartle's 1954 statement contained the following:

It is my understanding that for many years the national organization, or the American Committee for the Protection of the Foreign Born, has been under Communist Party leadership. I am unacquainted with the local Committee as of before my return to Seattle in 1952. (Bd. Ex. 2, p. 83.)

As already indicated, the primary contention of counsel for American Committee is that Hartle's statement to the F. B. I. that she was "unacquainted" with the Northwest Committee "as of before my return to Seattle in 1952" is in direct conflict with her having testified in this proceeding about the Northwest Committee in the period 1948-1950.¹⁰

On cross-examination in Mine-Mill Hartle testified that she went "underground" in the Communist Party in July of 1950 and remained so until September 17, 1952, at which time she was arrested on charges under the Smith Act (Bd. Ex. 3, p. 5277). During the period of her "underground" status she did not attend regular Party meetings (ibid). She testified that in obtaining the statement from her in March of 1954 the F. B. I. wanted to know the relationship to the Communist Party of all of the organizations mentioned in the statement (Bd. Ex. 3, p. 5365).

¹⁰ At one point in the oral argument herein counsel for American Committee expressed the contention this way: "She gave testimony which was contrary to a document which was in the possession of the Government. The document in the possession of the Government said she knew nothing." (Tr. 8413.) As will appear, additional considerations have been raised which are also to be evaluated in determining the overall credibility of the witness (see "Collateral Matters," infra).

On redirect examination in Mine-Mill, Hartle explained her statement to the F. B. I. as follows:

The statement in this exhibit refers to the fact as to whether I was acquainted with the membership and activities of the local committee of the American Committee for the Protection of Foreign Born in Seattle as of that time or around 1951, 1952, during which time I was underground.

I might explain further that during that time, although there had been some beginnings, it was during this time that the committee had quite a large membership and was quite active, and the FBI asked me if I knew how those people got on the committee and who they all were and what their activities were in relation to the Communist Party.

I answered the answer I gave here -- that I didn't have that information as of that period. (Bd. Ex. 3, pp. 5374-5375.)

This explanation was explored on recross examination and Hartle stated that with respect to the local Committee she responded to specific questions which only had to do with after 1950 when she was underground:

. . . They [the F. B. I.] wanted to know if I knew how the committee that was operating in Seattle in 1952 and 1953 on a number of deportation cases, if I knew how those people got on that committee, who put them there, how they got organized there, and what their various activities were.

I can only surmise that they wanted to know whether the Communist Party organized it or not. But I wasn't able to give them the information as of that period before I came to Seattle in 1952, at which time that committee became really active, because I was underground and I did not learn that information in the underground. (Bd. Ex. 3, pp. 5380-5381.)

Counsel for American Committee contends that both of these explanations were false, particularly when viewed in the light of the testimony elicited during this proceeding on remand from the F. B. I. agents who had interviewed Hartle. Before considering this point we will set forth the facts which were established in the remand proceeding.

The Proceeding on Remand

F. B. I. agents Carter and Mason conducted the interviews that resulted in the statement now in evidence as Board Exhibit 2 (tr. 8250-8252). The statement consists of information given orally during which agent Carter took notes and the statement also includes written material prepared by Hartle when she was alone (tr. 8257).¹¹

The 88 page memorandum was prepared by agent Carter who then presented it to Hartle who made such corrections and minor additions as were necessary and then signed it and adopted it as her own (tr. 8258).

The instructions that Carter gave to Hartle were general as to all of the organizations and there were no different instructions for the Committee for Protection of Foreign Born nor were any time limitations specified. However, in response to the question by counsel for American Committee, "who suggested which organization, which of these 14 she should give you the information on?", Carter answered that his suggestion to Hartle was:

. . . that she prepare a summary of information in the form of notes concerning the front organizations or Communist infiltrated organizations that she was acquainted with, that she might have some knowledge, and the only other suggestion that I can recall that I made to her in that respect was that the particular interest that I might have, and the thing that she might emphasize if she could, would be any current officers or current activities that she might have knowledge of. (Tr. 8261-8262.)

Also, Carter thinks that a limitation to information in 1951-1952 could have been suggested by his requests to Hartle (tr. 8290-8291).

Robert E. Mason, who was an agent of the F. B. I. at the time and was present with agent Carter during practically all of the interviews that resulted in Board Exhibit 2, testified substantially the same as Carter concerning the interviews: namely, that Carter and he were interested in knowing about the relationship of the Communist Party to the 14 different organizations covered on pages 78 to 84 of the exhibit, and that any questions they may have asked Hartle were general in nature and they did not fix any specific period of time for which they wanted information about the Committees here involved or any of the other organizations (tr. 8308, 8336).

¹¹ See A. G. Ex. 290.

Subsequent to the interviews that resulted in Board Exhibit 2, agent Carter interviewed Hartle on a number of other occasions (tr. 8283-8284). An interview that Carter had on June 1 and 2, 1954, with Hartle was devoted solely to the Committee for Protection of the Foreign Born (tr. 8278, 8283, 8380). The information received was "in the form of an interrogation" and following the interview the results were compiled in a memorandum prepared by agent Carter and dated June 8, 1954 (tr. 8278, 8281). This memorandum was received in evidence as Attorney General's Exhibit 291.¹² It is, as conceded by counsel for American Committee, "at least close to her original testimony" (tr. 8422). A possible difference, although not sufficient to impeach Hartle's credibility, is that in exhibit 291 Hartle is reported to have understood that Marion Kinney was active in the Northwest Committee as either an officer or leader during 1948-1950, and by reason of her affiliation with that organization Hartle believed that Kinney may have made reports about the Committee to the Communist Party. In her original testimony in the Board hearing Hartle identified Marion Kinney as secretary of the Northwest Committee, having been assigned to work and assume office in the Committee by the Communist Party (tr. 1588). As set forth supra,¹³ a separate witness gave similar testimony.

Agent Carter considered the March interviews, set forth in Board Exhibit 2, as preliminary or a "very brief summary of the information she had available" (tr. 8284). He interviewed her at subsequent times as part of his continuing responsibility to obtain all of the information that he felt Hartle had within her possession (tr. 8284). The subsequent interviews concerned not only the American Committee but also other organizations. The particular subsequent interview that took place on June 1 and 2, 1954, was devoted solely to the Committee and was the only one of the other interviews that dealt with the Committee (tr. 8380).

Barbara Hartle was called as a witness after Carter and Mason had testified, having been excluded from the hearing room during their testimony. She stated, as she had in the earlier Mine-Mill proceeding, that the information she gave in Board Exhibit 2 was in response to certain questions (tr. 8350). She stated that she was asked to give information she had about the organizations when she was in the Communist Party in Seattle

¹² The record does not reflect the time when the existence of exhibit 291 became known to counsel representing the Attorney General in the proceedings here involved. Our attention has not been directed to any situation in the proceedings calling for earlier production of the document and, as stated, it was received in evidence without objection.

¹³ Hartle did not testify that she was present at the specific Party meeting when Kinney was given the assignment.

and by reason of the fact that she was more active in some than in others was the reason she could give more information on some than on others (tr. 8353). Hartle was not a member of or active in the Northwest Committee for Protection of Foreign Born (tr. 8373).

Counsel for American Committee sought to have Hartle state that during the interviews which resulted in Board Exhibit 2 she was asked to tell everything she knew about the Northwest Committee and the relation of the Communist Party to it (tr. 8353). She replied that she thought that was in different interviews -- that there were other interviews in which other questions were asked and when she did not prepare material (tr. 8353-8354). This suggests the possibility (see "Summary and Conclusions," *infra*) since six years had elapsed before Hartle was first asked about her interviews with the F. B. I. that she was confusing the two different interviews that took place only a little over two months apart.

Moreover, it was also developed in this proceeding on remand that prior to her original testimony in July of 1955, she was interviewed by counsel who represented the Attorney General in the original hearing (tr. 8366, 8370). At that interview she was asked by counsel what she knew about the Committee, who the people were who were associated with it, what she knew about those people, when she knew them to be members of the Communist Party, what she knew about meetings that concerned the Committee in which the Communist Party was involved, whether the Communist Party circulated literature of the Committee, and other things including how the Committee started (tr. 8371-8372). Thus, some five years before being asked about her first interview she had again been interviewed by a Government representative who asked many detailed questions about the Committee and the people in it.

In addition to Carter, Mason and Hartle, counsel for American Committee requested and there was called as a witness L. E. Broome, Esquire, who had served as counsel for the Attorney General in the Mine-Mill proceeding. In response to a question by counsel for American Committee, Broome stated that he would have informed the Board if he had any reason to believe that Hartle was committing perjury when she gave her explanation of the statement in Board Exhibit 2 about the Committee (tr. 8397). Counsel for American Committee then asked Attorney Broome a long, hypothetical question that in substance was whether, if he knew the following at the time Hartle gave her explanation, he would have informed the Board that he thought the explanation was false. The hypothetical question, that is, the interpretations put on the testimony of Carter, Mason, and Hartle by counsel for American Committee in substance was: suppose the F. B. I. agents who interviewed Hartle had asked her to prepare notes on the 14

organizations summarizing what connection the Communist Party had with them, that in doing so she was to emphasize any knowledge she had about recent events showing connections between the Communist Party and these organizations but to also include whether the Party had anything to do with the organizations including the originating of the organizations; suppose further that the agents would have been interested in the facts concerning the American Committee that Hartle had testified about in the Board proceeding, and, that the agents had asked for the same information about the Committee as they had asked for the other organizations; and, suppose further the agents had not asked Hartle to limit her statement about the Committee to any particular period of time. (See tr. 8398-8399).

Broome answered this question as follows:

I don't know whether I understand it exactly or not.
I think I get the drift of it.

My answer to it, I have not heard a thing yet that leads me to believe that Mrs. Hartle committed perjury.
(Tr. 8405.)

This concluded the examination of Broome and no further witnesses were called.

Collateral Matters

In reaching its ultimate conclusion on the credibility of Hartle, the Board has considered and weighed various matters presented by the record.

One of the considerations centers on the fact that Hartle was a Federal prisoner at the time of her original testimony in this proceeding. Counsel for American Committee argues, while conceding that "it is speculation," that Hartle invented her testimony in an effort to obtain parole (tr. 8423-8424). While Hartle did not have any discussions as to whether her chances of getting paroled would be improved by testifying for the Attorney General she did state on cross-examination in the original hearing that it was her expectation and belief that by so testifying it would help her chances for parole (Ed. Ex. 3, pp. 5296-5297). Neither this hope for parole, which is not at all unusual, nor the fact that she was paroled shortly after becoming eligible, supports or justifies a finding that Hartle's testimony was invented or false.¹⁴

¹⁴ Hartle never paid a fine that was imposed but was required to take a pauper's oath before she was released from prison (tr. 8338).

Another collateral consideration centers on the fact that Hartle was interviewed by representatives of the Committee on Un-American Activities of the United States House of Representatives and thereafter testified at some length before the House Committee. In her testimony she did not make reference to the American Committee or the Northwest Committee. She identified Marion Kinney as a Communist and manager of a Party bookstore but did not mention Kinney with respect to the Northwest Committee. Hartle stated in response to a question in this proceeding on remand that she did not recall that there was any discussion with the House Committee staff about the American Committee or the Northwest Committee. Except for a few excerpts having to do mostly with Marion Kinney (see above) the testimony of Hartle before the House Committee was not made a part of the record. There was no showing that she was asked about the American or Northwest Committees. The reasonable conclusion is that she was not. The Board finds no basis for concluding that Hartle testified falsely in the Board hearing because she did not testify to the same subjects before the House Committee.

The foregoing matters have been considered and weighed as to whether they are persuasive that Hartle testified falsely in the original proceeding. They are not persuasive.

As indicated earlier, the Board has also considered the fact that most all of Hartle's original testimony which it is contended was false was also the subject of similar testimony by other witnesses in comparable positions to acquire knowledge. For example, Harper was a member of the Communist Party Northwest or District Board along with Hartle in 1948 and 1949 (tr. 2958-2960). He testified, as did Hartle, to discussions within the Communist Party on the need of a local chapter or branch of the American Committee, and of the assignment by the Party of Marion Kinney to organize it and assume office in it (supra).

The mutually corroborative testimony is not conclusive but is entitled to some weight, particularly since it stands unrebutted and undenied. Neither Marion Kinney nor anyone else was called in the original hearing or in this proceeding on remand to deny or rebut the testimony given by Hartle and Harper.

SUMMARY AND CONCLUSIONS

The issues are whether in her testimony at the original hearing or in her later testimony in the Mine-Mill proceeding Hartle deliberately or intentionally testified falsely, and whether there is anything which impeaches any of her testimony.

There is, we recognize, some lack of clarity in Hartle's explanation, given some six years later, of her March 1954 statement to the F.B.I. that she was unacquainted with the Committee as of before her return to Seattle in 1952. To conclude, however, that this lack of clarity means that she is an untrustworthy witness requires resort to surmise and speculation that is not warranted by the record.

The general or preliminary interview in March of 1954 was followed by subsequent interviews with respect to other organizations. One of these subsequent interviews, conducted a little over two months after the first interview, was devoted solely to interrogation of Hartle about the Committee here involved. At this subsequent interview, in early June of 1954, Hartle related things she had learned about the Committee at Communist Party meetings. This was substantially consistent with her testimony given about a year later in the original Board hearing. The testimony in the Board hearing was strongly corroborated by other witnesses and in part by documentary material. It was not rebutted or denied by any of the persons involved, such as Marion Kinney, at either the original hearing or during this proceeding on remand. No showing was made by American Committee that rebuttal witnesses were or are unavailable. Interrogation about the Committee in the June 1954 interview is consistent with Hartle's testimony, given in this proceeding on remand, that it was in interviews other than the interview of March 1954 at which she was asked to tell what she knew about the Committee and the relation of the Communist Party to it.

At the time of the preliminary interview in March of 1954, Hartle was given a general request to prepare summaries of her knowledge about a number of organizations and to emphasize the officers and activities in recent years. Agent Carter testified that a limitation to her knowledge in 1951-1952 could have been suggested by his request. Hartle was never a member of or active in the Committee and her original testimony herein was mainly concerned with what she heard about the Committee at Communist Party meetings. She did not have any personal knowledge as to the detailed organization or activities of the Committee or its officers and members, and did not testify that she did.

Upon weighing all of the considerations and four members of the Board having observed Hartle as a witness in this proceeding on remand, the Board finds that there is no real basis for discrediting her as a witness, and that her original testimony should be accepted.

Counsel for the American Committee asserted in his motion to the court for leave to adduce additional evidence on the credibility of Hartle that she had testified falsely to the knowledge of representatives of the

Attorney General. At the prehearing conference before the Board following remand, counsel for American Committee expressed the opinion that under the terms of the order of the court remanding the proceeding to the Board he was relieved from proving or attempting to prove that anyone in the Department of Justice knew that Hartle's statement was false since if it were proved that her statement was false her testimony should be stricken. Counsel for the Attorney General, on the other hand, challenged counsel for American Committee to attempt to prove this charge. Ruling was reserved by the Board on whether alleged knowledge by someone in the Department of Justice that Hartle had testified falsely was an issue under the terms of the remand. This was because of the fact that if it were not established that Hartle had testified falsely the question would not arise. In view of the Board's determination, made after full hearing, that Hartle has not testified falsely, the question is no longer present.

Since the Board finds that Hartle's original testimony was credible, the challenge is without merit to the original determination of the Board that the American Committee for Protection of Foreign Born met the statutory definition of a Communist-front organization. Accordingly, it is

RECOMMENDED to the United States Court of Appeals for the District of Columbia Circuit that the Report and Order of the Board issued on June 27, 1960, be affirmed.
